**European Powerboat of the Year Award -
Nomination in the category „Displacement“**

Dear Mr. Jacob,

Congratulations to the nomination of the „**Adagio 58 Europa**“ for the „European Powerboat of the Year Award 2012“ (EPY 2012). Your boat is one of the five boats selected in the category „Displacement“.

Enclosed please find special stickers of the EPY to be used for promotion purposes and your appearances at the boat shows. You might get the jpg upon e-mail request.

As usual, the winners will be announced at the Delius Klasing Branch Meeting during the Boat Show at Düsseldorf. The corresponding invitation will be sent separately.

Enabling us to publish your boat in the magazines, we would very much appreciate if you could provide us with some current running shots (hi res) as well as a video of the boat in question for the presentation at the boat show as soon as possible. We also need the corresponding technical specifications and all informations available.
